CHARTER

President Gerald Ford signed the VOA Charter into law in 1976. It protects the independence and integrity of VOA programming.

1. VOA will serve as a consistently reliable and authoritative source of news. VOA news will be accurate, objective, and comprehensive.

2. VOA will represent America, not any single segment of American society, and will therefore present a balanced and comprehensive projection of significant American thought and institutions.

3. VOA will present the policies of the United States clearly and effectively, and will also present responsible discussion and opinion on these policies.

Dear Friends,

Welcome to another journey across America! This year we're crisscrossing the country through its scenic byways and highways. From the Florida Keys Highway that weaves through a chain of tropical islands for 110 miles from Key Largo to Key West, to historic Route 66 that winds from the Midwest to the Pacific Ocean, the visitor cannot miss the immense natural diversity of the American landscape.

2018 was an exceptionally rewarding year here at VOA. Innovative programming and increased use of digital media propelled Voice of America to new heights, with audience and engagement metrics breaking past records. At a time when press freedom was under assault globally, audiences turned to VOA for news and information they could trust. For example, weekly website visits to VOA Persian went up more than 100%; visits to VOA Deewa, which targets Pakistan's FATA region, were up more than 200%; and Russian video views on Facebook were up more than 500%. Similarly, VOA Mandarin ranked the third most popular Mandarin language media on YouTube and VOA Spanish experienced a 350% increase in video views on Facebook.

Providing accurate, objective, and comprehensive news and information to global audiences is at the heart of what we do. In 2018, VOA documented and fact-checked the Russian government's disinformation campaigns at home and abroad, through its website polygraph.info; put a spotlight on humanitarian crises involving Rohingya refugees from Myanmar and ethnic Yazidis in Iraq; and gave voice to those trying to flee chaos in Venezuela.

Having led VOA for more than two years now, I'm more proud now than ever before of our reporters, our technical staff, and our senior leaders working together to bring extraordinary journalism to places around the world with little or no access to free press. We promise that we will continue on the same path throughout the New Year.

Wishing you all a happy, healthy, and productive 2019!

Sincerely,

Amanda Bennett, VOA Director

Great River Road (Arkansas, Illinois, Iowa, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Tennessee, Wisconsin)

The Great River Road is one of North America’s longest and most important scenic byways along the course of the Mississippi River. It stretches from northern Minnesota to the Gulf of Mexico, crossing through 10 states and hundreds of river towns. This byway is rich with history, serving as a source of life for the Dakota, Chippewa, and Hopewell Native American societies, an escape for African-Americans on the Underground Railroad in the 1800s, and a route for French voyageurs primarily in the 1700s.
