

Global, Dynamic, Cross-Platform

VOA 365 is a re-launch of the U.S. Agency for Global Media's (USAGM) Persian-language programming to Iran. It will confront the disinformation efforts of the Iranian regime and enhance U.S. efforts to speak directly to the Iranian people and the global Persian diaspora during a pivotal time in U.S.-Iran relations. The Voice of America (VOA) is leading this project in cooperation with Radio Free Europe/ Radio Liberty's (RFE/RL) Radio Farda.

The newly re-launched venture:

- Engages with Persian speakers in Iran and around the world, including wherever large Persian diaspora audiences can be found.
- Meets the market demand among Persian-language audiences for dynamic linear and digital programming.
- Builds on the USAGM's existing strong Persian-language brand that boasts a measured weekly audience of 23 percent of adults in Iran.
