

VOA Broadcasting to Pakistan/Afghanistan Border Region

VOA Deewa (which means Light in Pashto) TV/radio provides news and information to the critical Pakistan/Afghanistan border region where more than 50 million Pashtuns live. The region lacks local independent sources of information on regional, international and U.S. politics. Military narratives, jihadi agenda and extremist groups are dominant in the state and private media market. VOA Deewa reaches this critical region via digital platforms, direct-to-home satellite, radio, and the Internet.
